Series October Daye #12

Book Synopsis

The twelfth installment of the Hugo-nominated, New York Times-bestselling Toby Daye urban fantasy series!

Things are not okay.

In the aftermath of Amandine's latest betrayal, October "Toby" Daye's fragile self-made family is on the verge of coming apart at the seams. Jazz can't sleep, Sylvester doesn't want to see her, and worst of all, Tybalt has withdrawn from her entirely, retreating into the Court of Cats as he tries to recover from his abduction. Toby is floundering, unable to help the people she loves most heal. She needs a distraction. She needs a quest.

What she doesn't need is the abduction of her estranged human daughter, Gillian. What she doesn't need is to be accused of kidnapping her own child by her ex-boyfriend and his new wife, who seems to be harboring secrets of her own. There's no question of whether she'll take the case. The only question is whether she's emotionally prepared to survive it.

Signs of Faerie's involvement are everywhere, and it's going to take all Toby's nerve and all her allies to get her through this web of old secrets, older hatreds, and new deceits. If she can't find Gillian before time runs out, her own child will pay the price.
